

**Hurricane Harvey
ESF – 10
Unified
Incident Action Plan
(IAP-2)**

**Operational Period:
Starting: 09/01/2017 @ 0700
Ending: 09/02/2017 @ 0700**

1. Incident Name: Hurricane Harvey	2. Operational Period: (Date / Time) From: 09/01/2017 @ 0700 To: 09/02/2017 @ 0700	INCIDENT OBJECTIVES ICS 202 - EPA
3. Incident Objective(s): <ul style="list-style-type: none"> Provide for the safety and security of responders as well as maximize the protection of public health and welfare. Systematically and thoroughly survey the impacted areas caused by Hurricane Harvey. Determine the most heavily impacted areas and the overall geographical boundaries impacted. Keep public and stakeholders informed. Identify orphaned containers in each grid greater than or equal to 5 gallons in size, and document the most effective means for their recovery. Identify potential and on-going oil spills, derelict and discharging vessels and facilities with releases in each grid, categorize the spills and document the most effective means for their recovery. Identify locations for Incident Command Posts (ICP)/Staging Areas. Identify any immediate threats to public health and the environment. Identify affected drinking water and wastewater systems in each area, evaluate the systems to determine their operational status, and facilitate system contact with Federal, State and local agencies (i.e. technical assistance). Identify secure area(s) to process and temporarily store for subsequent recycling, disposal, or return to the original owner, displaced Orphan Containers, Above Ground Storage Tanks (AST's), Hazardous Waste, Household Hazardous Waste (HHW). Establish and maintain a common operating picture. Identify and maximize the protection of environmental sensitive areas and threatened species Assess Department of Homeland Security (DHS) critical infrastructure (e.g. public water supplies and wastewater treatment facilities) and Risk Management Plan (RMP) and Facility Response Plan (FRP) facilities for damage and immediate ongoing releases. 		
4. Operational Period Command Emphasis. (Priorities, Key Discussions/Directions): <ul style="list-style-type: none"> All field activities will be conducted using the NDOW Standard Operating Procedures, NDOW tools, and Response Manager. Agencies will work in coordination under Unified Command. 		
5. General Situation Awareness (Safety bullets, Weather, etc...):		
<input type="checkbox"/> Approved Site Safety Plan Located at:		
6. Prepared By: (PSC) Name: Matt Loesel		Signature:  08/31/17

Jimmy Martinez, TGLO		 08/31/17
Tedd Hutley, US Coast Guard		 08/31/17
INCIDENT OBJECTIVES		ICS 202 - EPA (Rev 02/10)

1. Incident Name:	2. Operational Period: (Date / Time)	"Safety Message"
Hurricane Harvey	From: 09-01-17 @ 0700 To: 09-02-17 @ 0700	

Major Hazards and Risks:

Travel	Electrical Hazards	Biological Hazards	Slips, Trips, and Falls
Thermal Stresses	Hazardous Materials	Insects	Fire/Explosions
Security Fatigue	Stress	Wild & Stray Animals	

Wound Care – Make sure that when you get a cut, scrape, and or puncture that you clean the area with antiseptic, apply some sort of topical antibiotic, and keep covered so that the wound area stays clean. Be sure to check wound daily to see that it is not getting infected. If the wound area becomes red and swollen, especially if red streaks extend from the wound, you should seek medical attention.

Where is the Hospital? Make sure to check the HASP and or Medical Plan for the hospital closest to where you will be working and where you are staying. Remember if you call 911 from a cell phone you will need to provide the address of where you are located or at least an address generally in the area of where you are working before they can respond.

Early Morning Driving Safety – We **MUST** be very cautious while driving from our hotel to work. Be on the lookout for issues with street signage and lights! Take the time to make sure your windows and free of water or fog prior to driving.

Don't Forget To Drink Water! - Please bring plenty of water with you when you go out to the work-sites. Until the AC is repaired at the Incident Command Center, stay hydrated. Remember, **if you don't drink, you'll drop like a rock!** **When the heat index is around 100 F drink 1 cup of water every 15-20 minutes.**

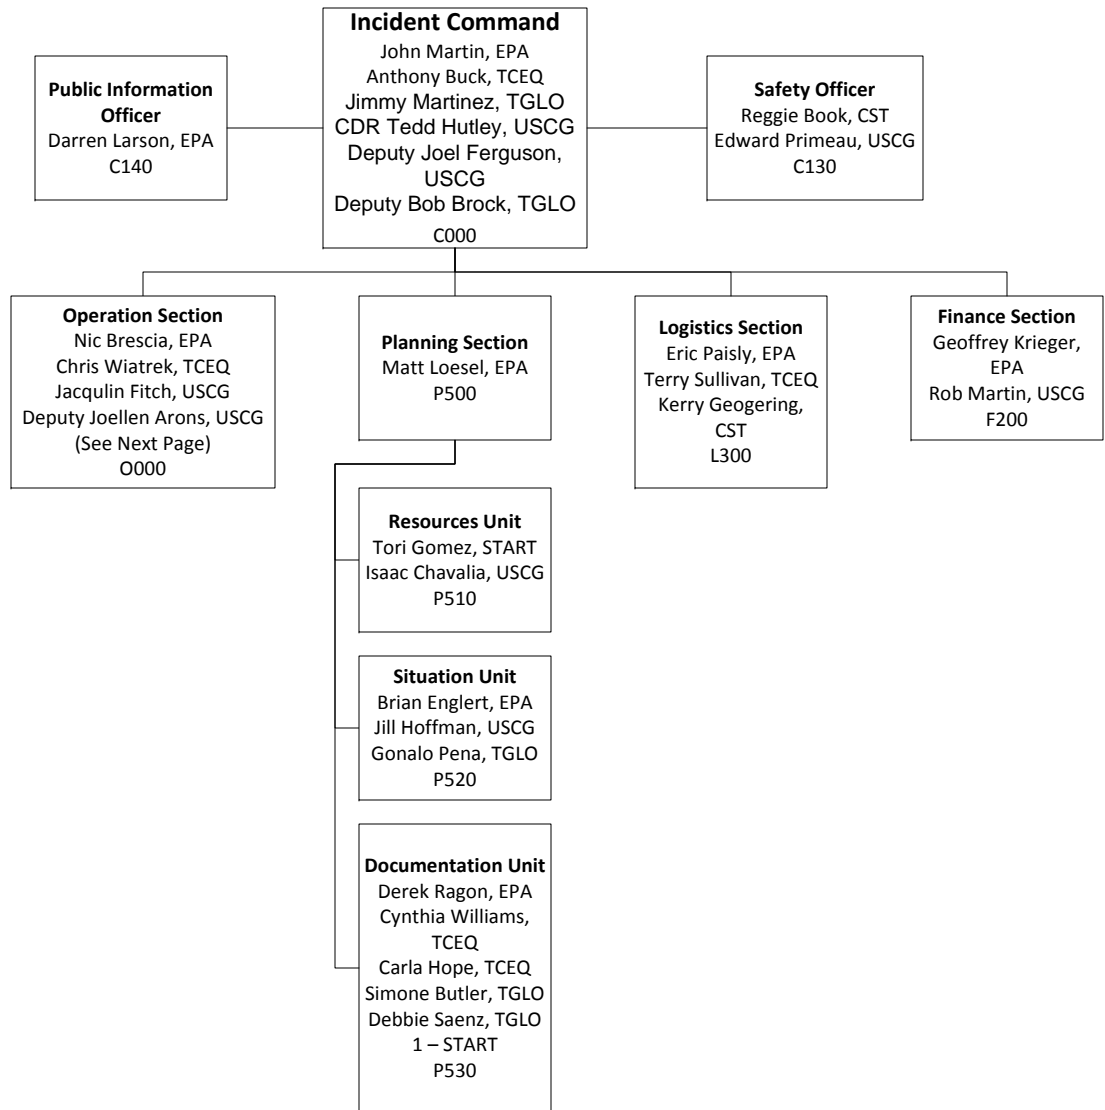

Who To Call! Address any Safety concerns to Reggie Book, 512-233-9330 or Edward Primeau, 609-351-7148.

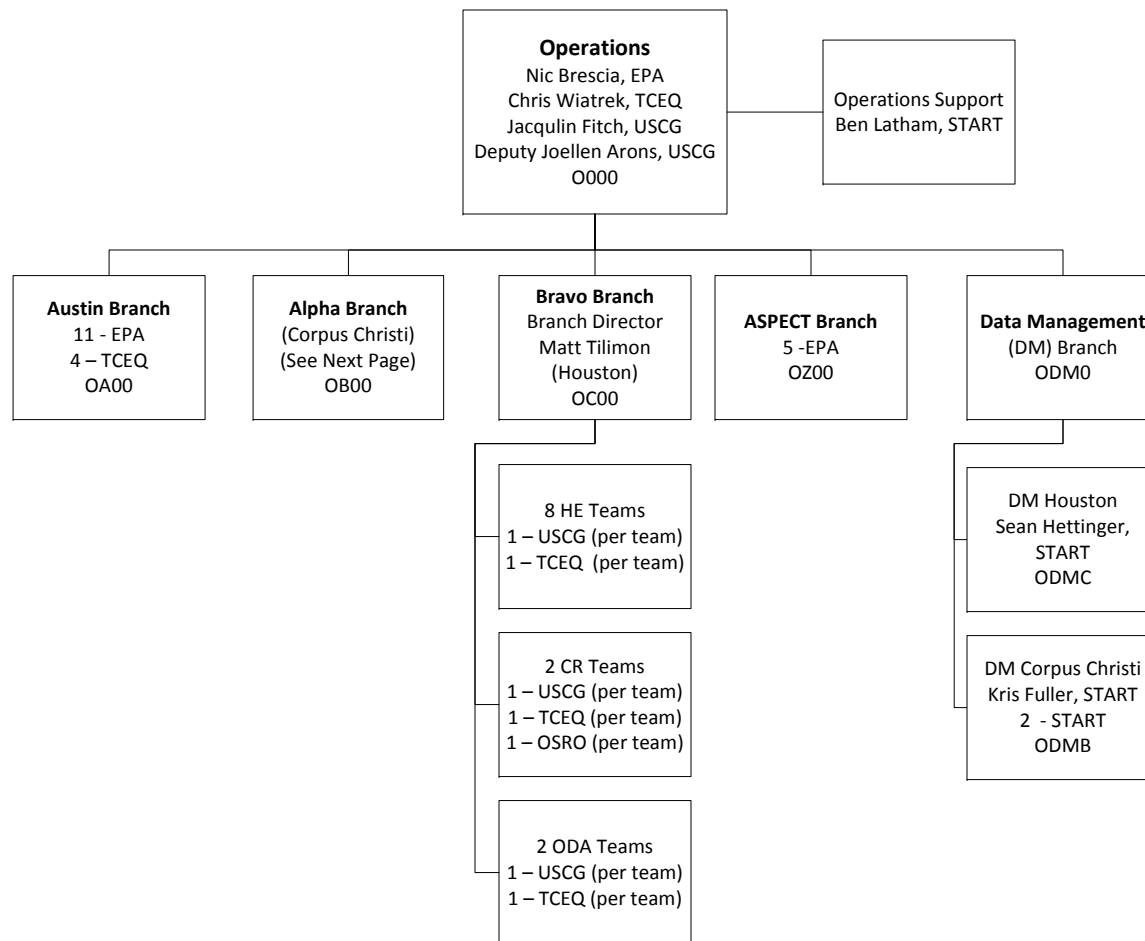

Present Moment Thinking – Think about what you are doing and not what you still have to do.

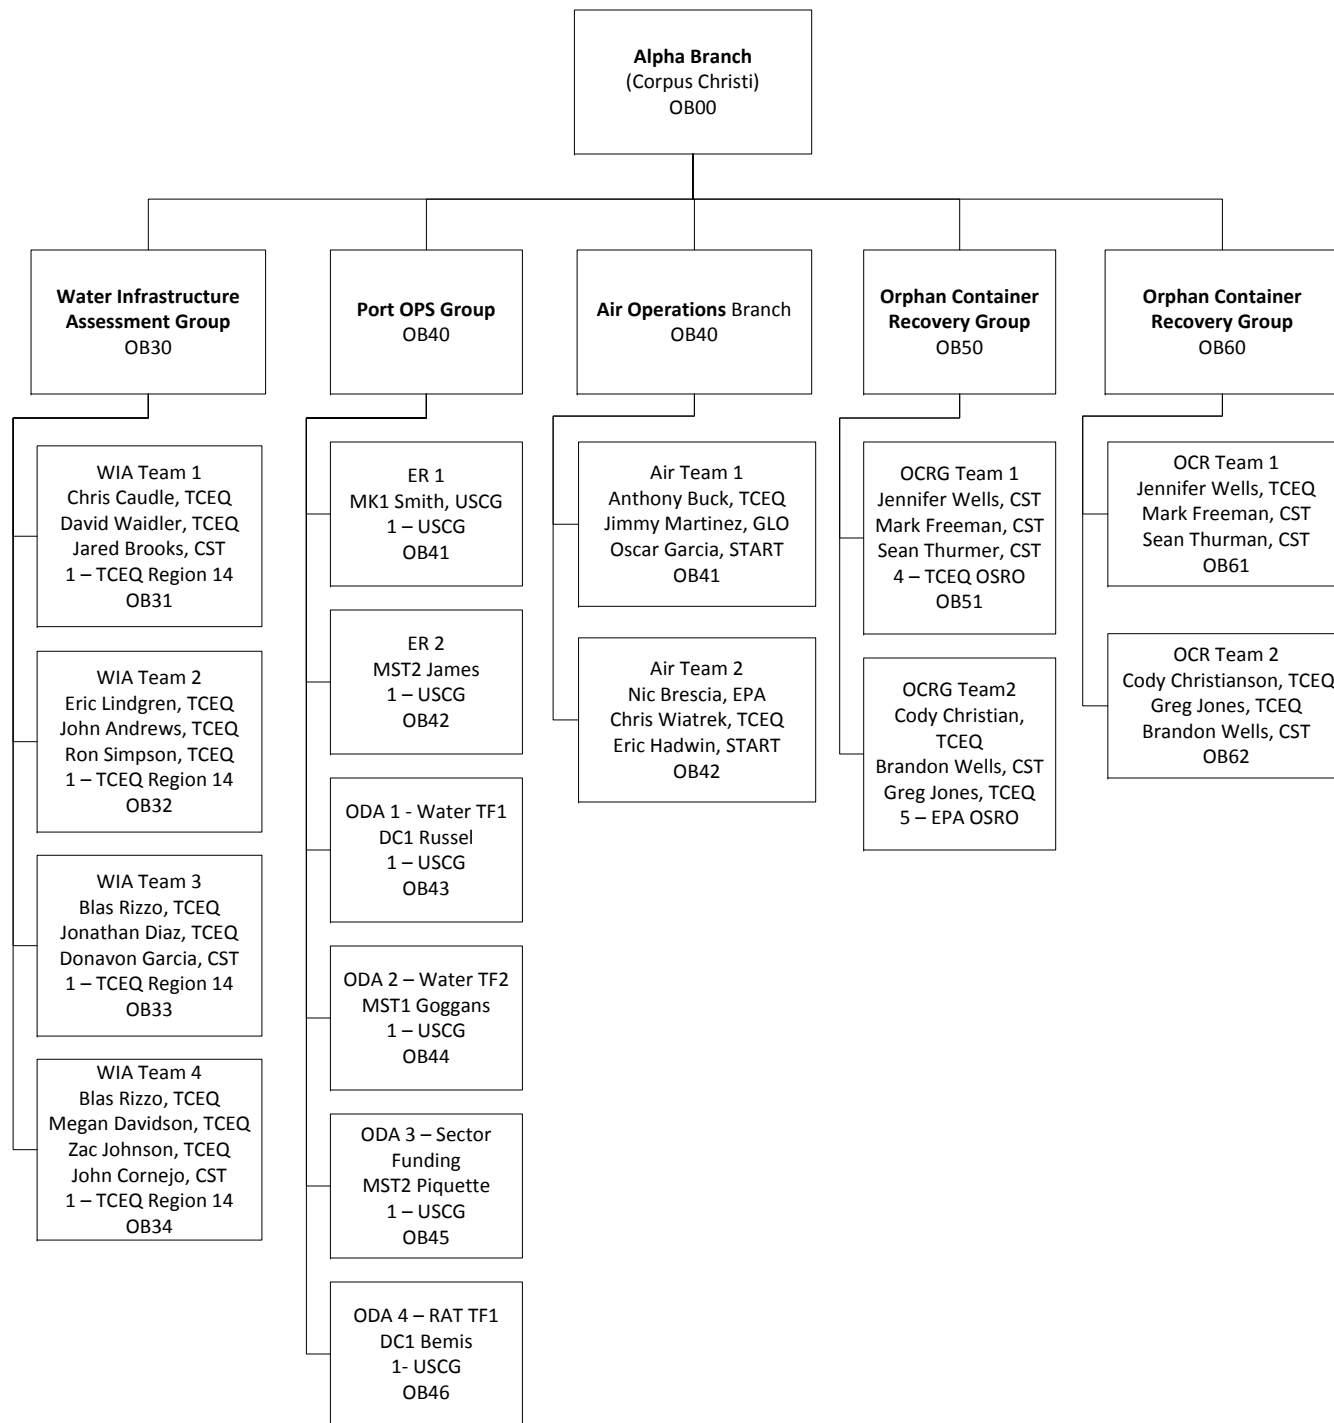

Careful when walking on wooden surfaces like stairs and docks, inspect for structural stability.

Recommend that all supervisors and team leaders conduct Operational Risk Management prior to the start of all operations.

Incident Name: Hurricane Harvey
Operational Period: 09/01/17 to 09/02/17
